

# Kindergarten Kickoff!!

## — Tell a Friend!

If your child is 5 years old by Sept. 30, 2010,  
it's time to register her/him for school.

### **Why register in Spring?**

*My child was better prepared for the first day and more comfortable at school.*

*My child and I were able to visit the school, meet teachers and receive important information.*

*I learned about summer opportunities and orientations for my child.*

*As a teacher, it helps me to be better prepared for your child.*
